Seniors and adults with disabilities who have improved or maintained their quality of life

Seniors and adults with disabilities who have improved or maintained their ability to access services

AGING CASE MANAGEMENT AGING SUPPORT SERVICES

Services and financial data for July 2017 through June 2018

ABOUT

Catholic Charities' Aging Case Management assists seniors and adults with disabilities at every point in the spectrum of care. Whether individuals require on-going support with age-related health decline or assistance with discharge back home from a hospitalization or connection to community resources, our goals are to decrease risk and promote independence.

Aging Case Management provides connections to community resources such as home-delivered meals, home safety checks, transportation services, support to referrals for psychological services, and patient advocacy.

Aging Case Management services are available on a sliding scale, based on ability to pay.

SERVICES

- In-home assessments to help determine care needs
- Advocacy for aging adults that include accompaniment to medical appointments, tools for problem solving, and conducting eligibility services for best connection to care
- Networking services with a safety net of resources
- Information and referral

CHANGE MODEL

The Need

Seniors and adults with disabilities remaining and/or re-entering the community from institutions lack:

- Functional abilities
- Community resources
- Independent living support

Our Response

- Home visits to facilitate independence
- Personalized care planning
- Care coordination
- Resource referrals

Client Outcomes

- Improved quality of life
- Increased knowledge and use of community resources
- Improved ability to perform activities of daily living
- Reduced hospitalizations and returns to institutions

Community Impact

- Healthier community
- Decreased need for expensive institutional alternatives like skilled nursing facilities
- Decreased use of emergency services
